As a highly motivated and detail-oriented aspiring Software Engineer, I have a strong foundation in software development, version control, and agile team collaboration. Currently pursuing a BSc (Hons) in Information Technology, I have gained practical experience in supporting development workflows, writing clean and maintainable code, and using tools like Git, GitHub, and Jira to manage tasks and sprints. My ability to learn quickly, communicate effectively, and work well in team environments allows me to contribute to coding, debugging, and continuous software improvement.

## Skills

- Python | Java | JavaScript | HTML | CSS | React.js | SQL | Tailwind CSS | Bootstrap | R | Node.js
- Git | API Integration | Responsive Web Design | UI/UX Design | Version Control | Photoshop | Canva
- Power BI | Tableau | Excel | Data Visualization | Performance Optimization | Rapid Miner
- Manual Testing | Test Case Design | Agile Testing | Automation Testing Basics | Selenium | Web Scraping

## Experience

Digital Marketing & Data Analyst	Shadzil Digital Marketing	Sri Lanka	2024 - 2025
<ul style="list-style-type: none"><li>Created and managed social media content while analyzing performance metrics (reach, impressions, clicks) using Excel, Meta Insights, and Google Analytics to refine strategies and boost engagement.</li><li>Developed visual reports and dashboards to communicate campaign outcomes and collaborated with teams to optimize content based on audience behavior and data trends.</li></ul>			

Freelance Frontend Developer	Freelance		2024 - Present
<ul style="list-style-type: none"><li>Designed and developed responsive frontend interfaces for various clients, ensuring seamless user experiences.</li><li>Customized and enhanced Shopify themes and React-based websites, focusing on UI/UX improvements.</li><li>Worked with ReactJS, JavaScript, HTML, CSS, Tailwind CSS, Shopify Liquid, and Theme Customization to deliver high-quality web solutions.</li></ul>			

Data Analyst	Freelance		2024 - Present
<ul style="list-style-type: none"><li>Created dashboards using Power BI, Excel, and Tableau for data visualization.</li><li>Designed and optimized dynamic reports with interactive filters and data storytelling techniques to improve business decision-making</li></ul>			

EPOS Data Management and Social Media Management	SMEBIZNESS	United Kingdom	2023 - 2024
<ul style="list-style-type: none"><li>Handled EPOS data entry and maintained accuracy in databases.</li><li>Created EPOS systems for multiple restaurants, ensuring seamless order management and payment processing.</li><li>Performed software installation, maintenance, and troubleshooting, resolving critical bugs to enhance system stability.</li><li>Supported social media campaigns and conducted post creation for marketing and brand engagement.</li></ul>			

## Education

BSc (Hons) in Information Technology – First Class	University of West London - United Kingdom
<ul style="list-style-type: none"><li>Focusing on all aspects of IT, with a strong emphasis on Software Engineering, including web development, database management, and system design.</li></ul>	
HND in Information Technology	Pearson UK
<ul style="list-style-type: none"><li>Focusing on all aspects of Information Technology, including web development, database management, and system design.</li></ul>	
Zahira College Matale	
<ul style="list-style-type: none"><li>GCE A/L Biological science (English Medium)</li></ul>	

## Projects

End-to-End Sales Analysis Project – Python, MySQL, Power BI
<ul style="list-style-type: none"><li>Developed a comprehensive sales analysis solution by implementing the full data analytics lifecycle, from extraction to dashboard creation.</li><li>Performed data cleaning and preprocessing using Python, followed by exploratory data analysis (EDA) to uncover sales trends and patterns.</li><li>Built a dynamic Power BI dashboard to visualize key metrics such as revenue, profit, region-wise performance, and monthly trends.</li></ul>
Technologies: Python, MySQL, Power BI, Pandas, Seaborn, Matplotlib, Data Cleaning, EDA, Data Visualization
Assignment Advisors Website
<ul style="list-style-type: none"><li>Developed the frontend of an educational consulting platform, ensuring a responsive and user-friendly interface. Designed interactive pages for services, projects, and contact forms, optimizing the UI/UX for better user engagement.</li></ul>
(ReactJS, JavaScript, HTML, CSS, Tailwind CSS, Responsive Design)

### PickSpare E-Commerce Website

- Customized and enhanced the frontend of a Shopify-based e-commerce store. Worked on theme customization, layout adjustments, and UI improvements to ensure a seamless shopping experience. Optimized design elements for responsiveness and user engagement.  
(Shopify, Liquid, HTML, CSS, Theme Customization, UI/UX Design)

### E-Commerce Website

- Developed a fully functional e-commerce platform using React.js, enabling users to browse products, add items to the cart, and manage orders. Implemented a sleek and responsive UI with modern design principles.  
(ReactJS, JavaScript, HTML, CSS, Redux, Tailwind CSS)

### SmarterPro – AI-Powered Recruitment Portal

- Developed a full-stack recruitment platform using React.js and Node.js, enabling job seekers to register, create profiles, upload resumes, and apply for jobs.
- Integrated OpenAI API for resume-job matching, providing recruiters with relevance scores to assist shortlisting.
- Designed responsive UI components and implemented secure role-based access with backend validation and CRUD operations.
- Technologies: React.js, Node.js, Express, MongoDB, JavaScript, CSS, OpenAI API

### REST API Development with Node.js & MongoDB

- Designed and developed a CRUD API from scratch using Node.js and Express.js, integrating MongoDB as the database. Implemented RESTful endpoints for seamless data operations, following best practices for backend development.  
(Node.js, Express.js, MongoDB, REST API, MERN Stack, Backend Development)

### Library Management System (Desktop App)

- Developed a Java-based desktop application using Java Swing and MySQL to manage library operations.
- Key features include book issue/return tracking, student registration, and inventory management with a user-friendly interface.
- Integrated MySQL using JDBC and applied object-oriented programming principles throughout the application.  
(Java, Swing, JDBC, MySQL, OOP)

### Power BI Project: Sales Analysis

- Developed an interactive Power BI dashboard to analyze Adidas sales data, including total sales, profits, and regional performance.  
(Power BI, Data Visualization, Data Analysis)

### Tableau Project: Sales Dashboard

- Built a comprehensive sales dashboard using Tableau to track sales performance, profits, and product trends over time.  
(Tableau, Data Visualization, Business Intelligence, Data Analysis)

### Excel Sales Dashboard Super market Shop

- Developed a dynamic Excel dashboard to analyze supermarket sales data, including monthly sales trends, product categories, and payment modes.  
(Excel, Data Analysis, Data Visualization, Dashboard Creation)

### Automation Testing Project with Selenium

- Performed web UI testing using Selenium WebDriver to automate user scenarios and validate functionality for a React-based e-commerce website.  
(Selenium, JavaScript, Test Automation, WebDriver)

## Certification

---

### Web Development (HTML, CSS, JavaScript)

University of Moratuwa

- Covered fundamental and advanced web development concepts, including responsive design, interactive UI components, and modern web practices.

### Web Development (HTML, CSS, JavaScript)

Coursera

- Focused on frontend development techniques, including HTML structuring, CSS styling, and JavaScript interactivity, following industry best practices.

### Agile Manual and Automation Testing

Techcavass

- Gained hands-on experience in Agile methodologies, manual testing techniques, and automation tools to ensure high-quality software delivery.

Co - Curricular

---

- Was prefect at school (2016-2021).
- Has volunteer in many programmes.
- Have been in the school cadet team and the western band for 5 years.
- Participated in inter house games and athletics.
- Top 10 in Master Speller English (2018).
- Able to take risks courageously and manage situations.
- Possessed good leadership qualities along with interpersonal relationship skills to work as a team

Soft Skills

---

- Leadership | Team Player | Volunteering | Crisis Management | Analytical Thinking | Solution-Oriented
- Flexibility | Communication | Public Speaking | Event & Time Management | Problem-Solving | Adaptability
- Critical Thinking | Decision-Making | Collaboration | Creativity | Conflict Resolution | Multitasking
